

Identity-Certified Probiotics

For Reliable Clinical Outcomes

Patient Benefits:

- ▶ **Condition Specific**
 - Targeted formulas for individual health needs♦
 - Scientifically formulated using pure probiotic bacteria with established health benefits♦
- ▶ **Scientifically Tested**
 - Clinical reliability assured through the genetic identification of each strain♦
 - Beneficial properties of each probiotic strain verified by supportive scientific and clinical research♦
 - Potency and high viability of each strain verified through testing of acid and bile tolerance and cell adherence
- ▶ **Potency Guarantee**
 - Potency and viability guaranteed through **date of expiration**

Each probiotic strain supports specific activities within the body. The scientific identification of strains with established health benefits ensures clinical reliability and predicted safety.♦

A comprehensive line of probiotic formulas to meet the individual health needs of your patients♦

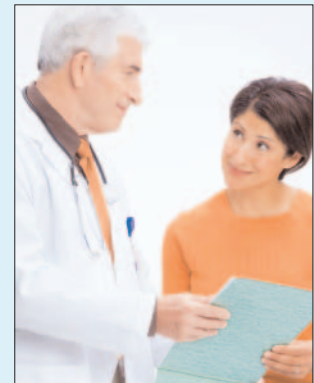

CHOOSING A SPECIFIC PROBIOTIC FOR SPECIFIC HEALTH CONCERNS WITH A POTENCY GUARANTEE

Not all genera, species, and strains are suitable for all purposes. Probiotic strains have specific characteristics that determine whether they have the ability to benefit the intestinal environment.

Therefore, it is scientifically unfounded to guarantee the health benefits of probiotic preparations of unknown strain composition.

The scientific identification of strains provides the means for obtaining optimal health benefits from probiotic supplementation.♦

Metagenics probiotic formulas not only provide scientifically identified strains, but also a guarantee of potency at the date of expiration (not the date of manufacture like most formulas). *You can trust Metagenics.*

DAILY & LONG-TERM SUPPORT♦

Broad-Spectrum Support♦

Ultra Flora Plus® DF Capsules

Overall Intestinal Health Support♦

Target: Small & Large Intestines

- Probiotic support for a broad range of activities, including healthy immunity.♦
- Promotes the health of the mucosal barrier for optimal digestion and nutrient assimilation.♦
- Promotes overall intestinal health by supporting microbial balance and the health of intestinal cells.♦
- Great for daily support and overall GI health.♦

One capsule† supplies:

A 50:50 blend of:.....15 billion live organisms††

Lactobacillus acidophilus NCFM®
Bifidobacterium lactis BI-07

Other Ingredients: Microcrystalline cellulose, magnesium stearate, and silica. Contains: milk, soy.†††

Recommendations: One capsule one to two times daily.

Form: 60 Capsule Bottle

Additional ULTRA FLORA PLUS Formulas

Ultra Flora Plus® DF Powder

- Blended with fructooligosaccharides (FOS), an excellent food source to promote growth of beneficial bacteria.♦ No dairy added. Form: 50 g Powder Bottle

Ultra Flora Plus® Powder

- Blended with FOS and immunoglobulin proteins (antibodies) to help maintain a healthy intestinal environment.♦ Form: 50 g Powder Bottle

Ultra Flora Plus® Capsules

- Blended with immunoglobulins to help support healthy immune function.♦ Form: 60 Capsule Bottle

Mucosal Barrier Integrity♦

LactoViden ID™

Upper GI Support♦

Target: Small Intestines

- Promotes mucosal barrier health.♦
- Ideal daily support for patients with concerns related to upper GI health and mucosal barrier defense.♦
- Encourages the growth of beneficial microflora, particularly in the small intestine.♦
- Supports a broad range of digestive and immune system functions.♦
- Supports healthy digestion of lactose.♦

One capsule† supplies:

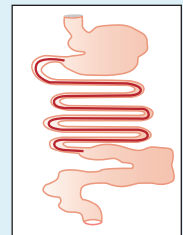

A proprietary blend of:.....15 billion live organisms††

Lactobacillus acidophilus NCFM®
Lactobacillus salivarius LS-33
Lactobacillus paracasei Lpc-37
Lactobacillus plantarum Lp-115
Streptococcus thermophilus St-21

Other Ingredients: Rice maltodextrin, silica, magnesium stearate, and hydroxypropylmethylcellulose. Contains: milk.†††

Recommendations: One capsule one to two times daily.

Form: 60 Capsule Bottle

NCFM® is a registered trademark of the North Carolina Dairy Foundation.

† Capsules are composed of plant-derived ingredients.

†† At date of expiration

††† *Bifidobacteria*, *Streptococcus*, and *Lactobacillus* probiotic strains consume soy- and/or milk-derived nutrients as a food source during one step in the fermentation process. No additional soy- or milk-derived nutrients were added outside of this fermentation step.

RECURRING CONCERNS♦

Abdominal Discomfort♦

Ultra Flora IB™

Relief for Abdominal Discomfort♦

Target: Small & Large Intestines

- Ideal for patients with certain recurring GI concerns.♦
- Addresses bowel distress such as cramping, occasional urgent bowel movements, and occasional constipation.♦
- Supports the balance of GI microflora.♦
- Provides broad intestinal, digestive, and immune support properties.♦
- Supplies a convenient, powerful dose of over 60 billion colony forming units (CFUs) per capsule.

One capsule[†] supplies:

A 50:50 blend of:.....60 billion live organisms^{††}

Lactobacillus acidophilus NCFM®
Bifidobacterium lactis BI-07

Other Ingredients: Microcrystalline cellulose, magnesium stearate, and silica. Contains: milk, soy.^{†††}

Recommendations: One capsule one to two times daily.

Form: 30 Capsule Bottle

Intestinal or Bowel Distress♦

LactoFlamX™

Relief of Intestinal Distress♦

Target: Small & Large Intestines

- Targeted, single-strain probiotic for patients with bowel distress such as occasional cramping.♦
- Preliminary research suggests that *Lactobacillus plantarum* 299v may beneficially influence levels of IL-6 and IL-10, important cytokines that may affect intestinal function and comfort.♦
- Supports healthy intestinal mucosal barrier integrity and function.♦

One capsule[†] supplies:

Lactobacillus plantarum 299v18 billion live organisms^{††}

Other Ingredients: Potato starch, hydroxypropylmethylcellulose, and magnesium stearate. Contains: soy.^{†††}

Recommendations: One capsule daily.

Form: 40 Capsule Bottle (Vegetarian)

Travel Companion & Microflora Support♦

Proboulardi™

Immune & Intestinal Support♦

Target: Small & Large Intestines

- Provides concentrated probiotic factors for targeted support of healthy immune function.♦
- Supports a healthy microbial balance for healthy intestinal function.♦
- Great for jet-setting patients.

One capsule[†] supplies:

A 3:1 blend of:.....4 billion live organisms^{††}

Bifidobacterium lactis HN019
Lactobacillus rhamnosus HN001
Saccharomyces boulardii.....275 mg
(providing 5.5 billion live organisms^{††})

Other Ingredients: Capsule (gelatin, sodium copper chlorophyllin and titanium dioxide), microcrystalline cellulose, stearic acid, silica, and magnesium stearate.

Recommendations: One capsule one to two times daily.

Form: 30 Capsule Bottle

Minor Intestinal Irritation♦

BifoViden ID™

Motility and Lower GI Support♦

Target: Large Intestines

- Perfect lower GI support for patients with minor intestinal irritation or concerns with intestinal motility.♦
- Addresses certain recurring intestinal concerns by positively influencing intestinal immune cells and cytokine balance.♦
- Promotes a healthy microbial balance in the large intestine.♦
- Supports healthy digestion of lactose.♦

One capsule[†] supplies:

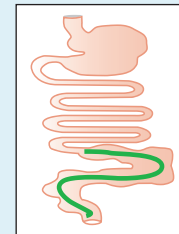

A proprietary blend of:.....15 billion live organisms^{††}

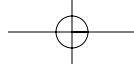

Bifidobacterium lactis BI-07
Bifidobacterium lactis BI-01
Streptococcus thermophilus St-21

Other Ingredients: Rice maltodextrin, magnesium stearate, silica, and hydroxypropylmethylcellulose. Contains: milk, soy.^{†††}

Recommendations: One capsule one to two times daily.

Form: 60 Capsule Bottle

The ID & Potency Guarantees

Maximizing Safety & Efficacy Through Probiotic Strain Identification

Metagenics probiotic formulas provide clinical reliability and predicted safety through the scientific identification of beneficial bacteria with targeted health benefits.

Each strain has been tested for acid and bile tolerance and cell adherence in vitro, assuring potency and high viability. Moreover, in vitro testing of the beneficial properties of each strain assures optimal clinical efficacy.♦

When it comes to providing probiotic nutrition with maximum efficacy and predicted safety—you can rely on *Metagenics*.

Assured Potency

Remember that Metagenics probiotic formulas guarantee potency at the date of expiration. Patients always get the strength and value they expect.

The perfect probiotic formula for every patient!
